INDEPENDENT AUDITOR'S REVIEW REPORT ON THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

TO THE SHAREHOLDERS OF SAUDI PAPER MANUFACTURING COMPANY

(A SAUDI JOINT STOCK COMPANY)

INTRODUCTION

We have reviewed the accompanying consolidated interim statement of financial position of Saudi Paper Manufacturing Company (the "Company"), a saudi joint stock Company and its subsidiaries (collectively referred to as the "Group") as of June 30, 2023, the related consolidated interim statement of profit or loss and other comprehensive income for the three and six months periods then ended, consolidated interim statements of changes in equity and cash flows for the six months period then ended and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with International Accounting Standard No. 34, "Interim Financial Reporting" ("IAS-34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

SCOPE OF REVIEW

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" as endorsed in the Kingdom of Saudi Arabia. A review of condensed consolidated interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing as endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with "IAS 34" as endorsed in the Kingdom of Saudi Arabia.

(A SAUDI JOINT STOCK COMPANY)

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Continued) FOR THE THREE AND SIX MONTHS PERIODS ENDED JUNE 30, 2023

2. BASIS OF PREPARATION (Continued)

2.2 Preparation of the condensed consolidated interim financial statements

These condensed consolidated interim financial statements are prepared under the historical cost convention, except where International Financial Reporting Standards (IFRSs) require other measurement basis. The principal accounting policies adopted in the preparation of these condensed consolidated interim financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended December 31, 2022.

The preparation of these condensed consolidated interim financial statements in conformity with IFRSs required management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts in the condensed consolidated interim financial statements. These critical accounting judgements and key sources of estimations were the same as those described in the last annual financial statements.

2.3 Functional and presentation currency

These condensed consolidated interim financial statements are presented in Saudi Riyal (SR), which is the Group's functional and presentation currency.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies applied by the group.

3.1 Basis of consolidation

These condensed consolidated interim financial statements incorporate the financial statements of the "Group" as detailed in note 1.1. Control is achieved when the Group:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the period are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Continued) FOR THE THREE AND SIX MONTHS PERIODS ENDED JUNE 30, 2023

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3.1 Basis of consolidation (Continued)

Consolidated interim statement of profit or loss and each component of other comprehensive income are attributed to the shareholders of the Company and non- controlling interest. Total comprehensive income of subsidiaries is wholly attributed to the shareholders of the Company except the comprehensive income of Al – Juthoor subsidiary.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

3.2 Changes in significant accounting policies

New standards, Amendments to standards and Interpretations

There are no new standards issued, however, there are number of amendments to standards which are effective from January 1, 2023 and has been explained in Group's annual Consolidated Financial Statements, but they do not have a material effect on the Group's Condensed Consolidated Interim Financial Statements.

The covenants of the loan agreements require the Company and its subsidiary to maintain certain levels of financial condition, place limitations on dividend distributions, on capital expenditures and rental estate investments.

These bank loans are secured against promissory notes amounting to SR 710.6 million (2022: SR 710.6 million).

6.1 SIDF loans

These represent loans obtained from SIDF by the Company. The loans do not bear financial charges, however, an upfront fee is charged on the loan and these are secured by mortgaged on property, plant and equipment of the Company equal to the carrying amount of the loan.

The loan agreement includes a right of prepayment option (early repayment), that can be excercised at any time throughout the loan period. As at June 30, 2023, the management has not exercised the prepaid option and has assessed that the requirement to seperate the prepayment option (i.e. embedded derivative) from the loan amount is not applicable. This is due to the fact that the economic characteristics and risks of the prepayment option is closely related to the economic characteristics and risks of the loan contract.

6.2 Commercial bank loans

The Group has obtained loan facilities from various commercial banks. These loans are mainly denominated in Saudi Riyals which generally bear financial charges based on prevailing market rates. The aggregate maturities of the loans outstanding at June 30, 2023, based on their respective repayment schedules, are spread in 2023 through 2027.

b) Short term loans

Short term loans are obtained from various commercial banks and bear financial charges at the prevailing market rates which are based on inter-bank offer rate.
